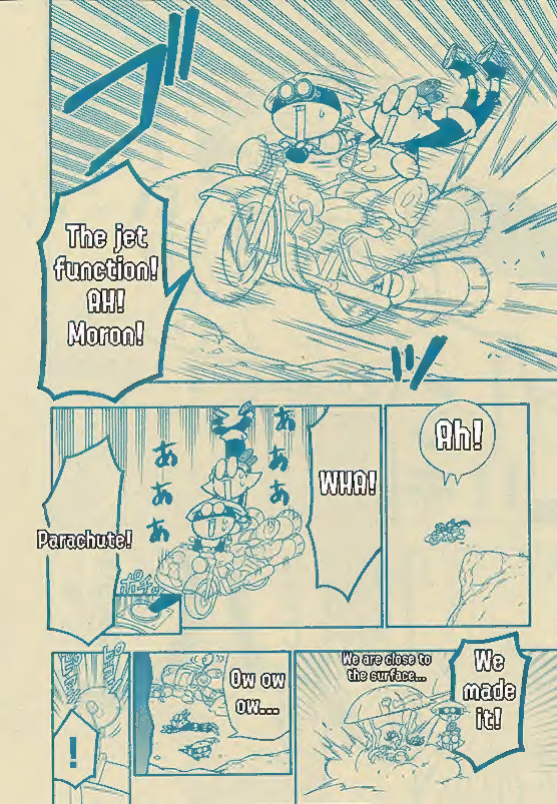
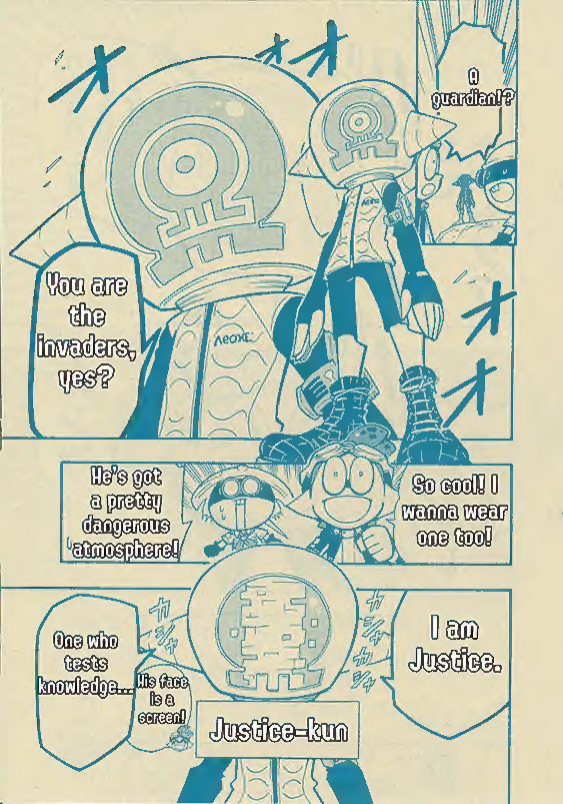
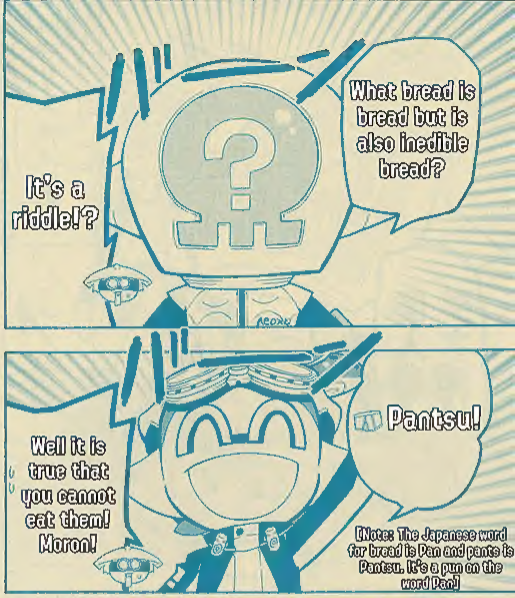
Carefree!
That button is...
ウィーン
ガ!
Ah!
I'm worried!
He's a moron!
But the next trial is knowledge...



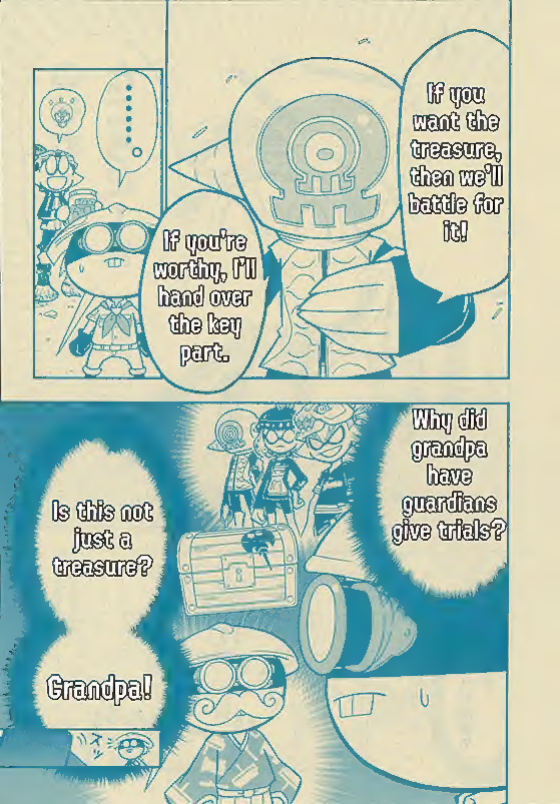
The jet function! AH! Moron!
あああ
あああ
WHA!
Parachute!
Ah!
We made it!
We are close to the surface...
Ow ow ow...
!



A guardian!?
You are the invaders, yes?
He's got a pretty dangerous atmosphere!
So cool! I wanna wear one too!
I am Justice.
One who tests knowledge...
His face is a screen!
Justice-kun

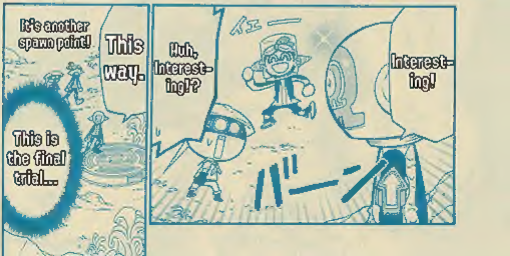


It's a riddle!?
What bread is bread but is also inedible bread?
Pantsu!
Well it is true that you cannot eat them! Moron!
[Note: The Japanese word for bread is Pan and pants is Pantsu. It's a pun on the word Pan.]
Not bad. I tested you a little to start out.



If you want the treasure, then we'll battle for it!
If you're worthy, I'll hand over the key part.
.....
Why did grandpa have guardians give trials?
Is this not just a treasure?
Grandpa!

バーン
That's just what I wanted!
You can't get it off, can you!?



It's another spawn point!
This way.
This is the final trial...
Huh, Interesting!?
イエー
Interesting!

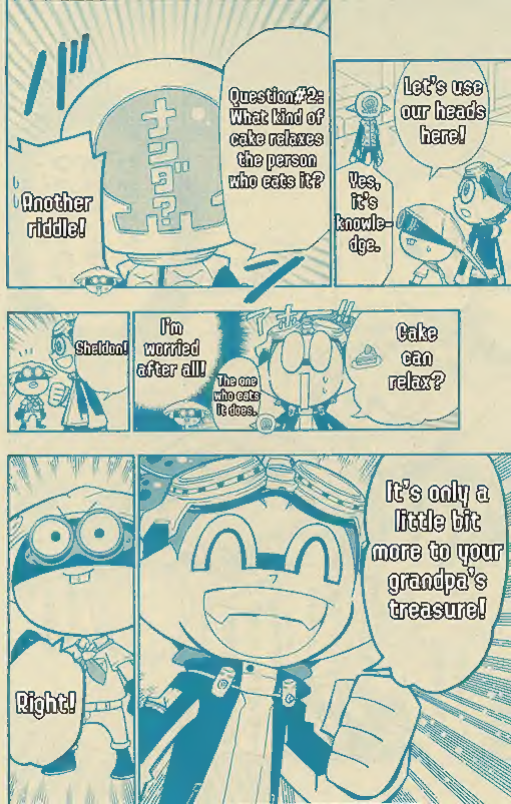
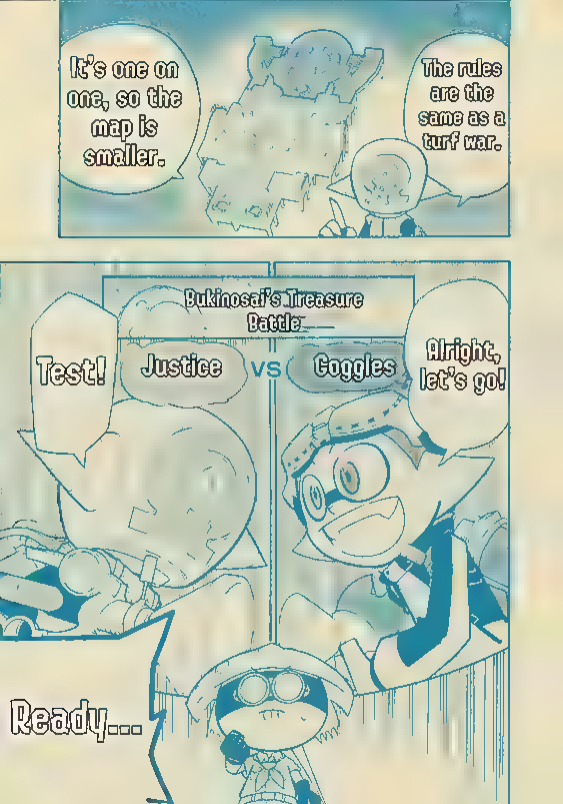
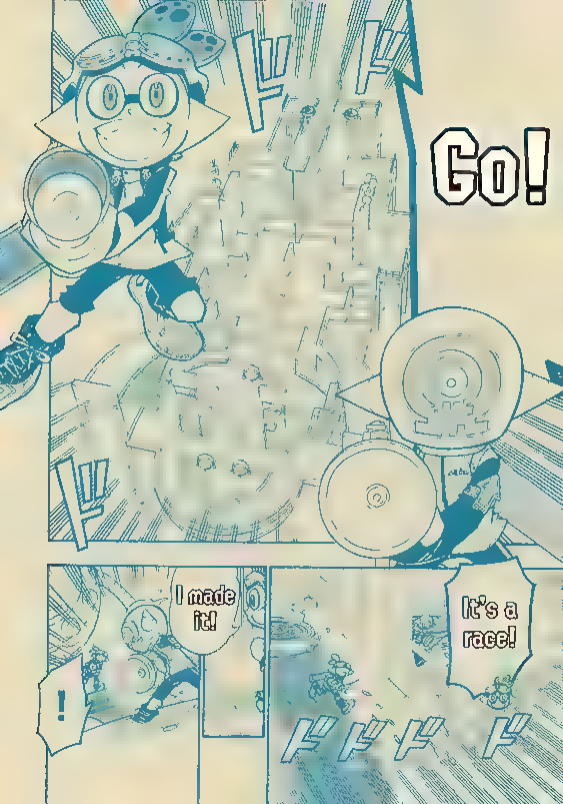
Shifty Station:
Zappy Longshocking
Whoa!
If you can clear this, you'll understand the mystery of the treasure.
They spin when you hit them with ink
and they move platforms and walls.
どん
どん
Those are ink switches!
Justice is inside!
A resemblance?



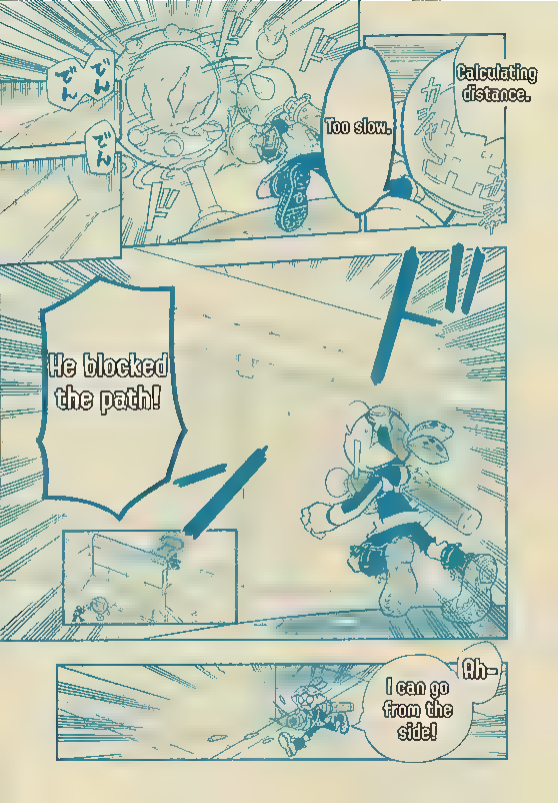
Another riddle!
Question#2: What kind of cake relaxes the person who eats it?
Let's use our heads here!
Yes, it's knowledge.
Sheldon!
I'm worried after all!
The one who eats it does.
Cake can relax?
Right!
It's only a little bit more to your grandpa's treasure!



It's one on one, so the map is smaller.
The rules are the same as a turf war.
Bukinosaj's Treasure Battle
Test!
Justice
VS
Goggles
Alright, let's go!
Ready...



ドドド



ごん

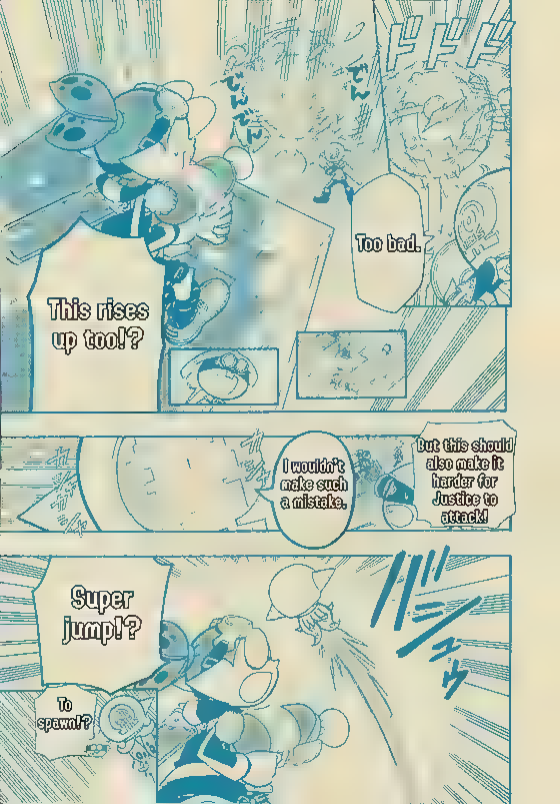
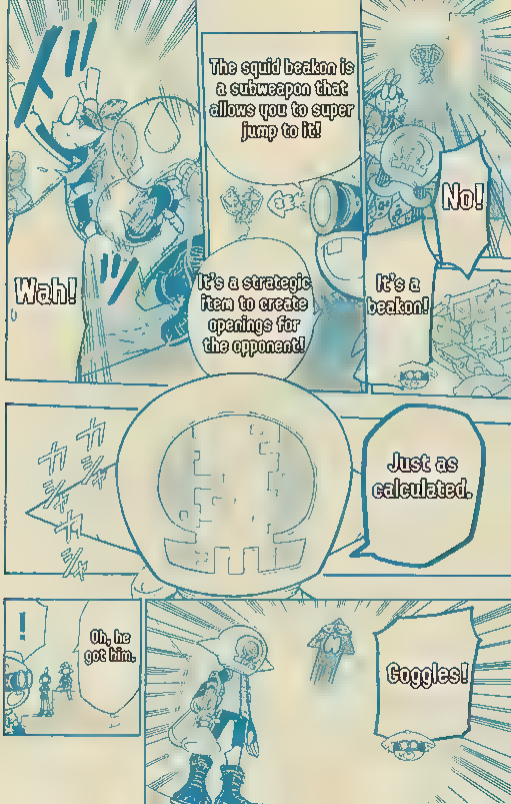
Too slow.
Calculating distance.
He blocked the path!
Ah-
I can go from the side!

Wa!
How simple.
Ah.
His movements are precise!
Goggles!
Now it's my turn!
Take a different path!

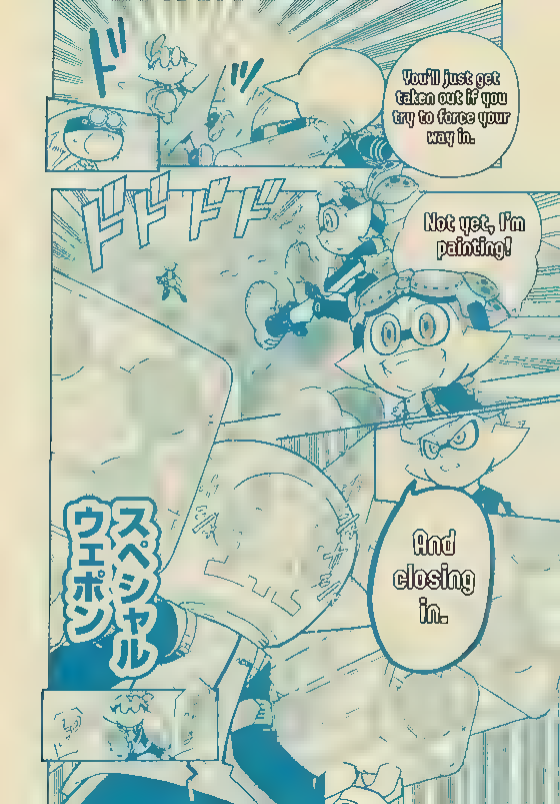


This rises up too!?
Too bad.
I wouldn't make such a mistake.
But this should also make it harder for Justice to attack!
Super jump!?
To spawn!?



The squid beakon is a subweapon that allows you to super jump to it!
No!
Wah!
It's a strategic item to create openings for the opponent!
It's a beakon!
Just as calculated.
!
Oh, he got him.
Goggles!

Justice uses beakons to fight
while reading the opponent's movements.
Jet!
Hm.
Fierce!
Yo.
He runs when they try to attack
and attacks from unexpected positions.

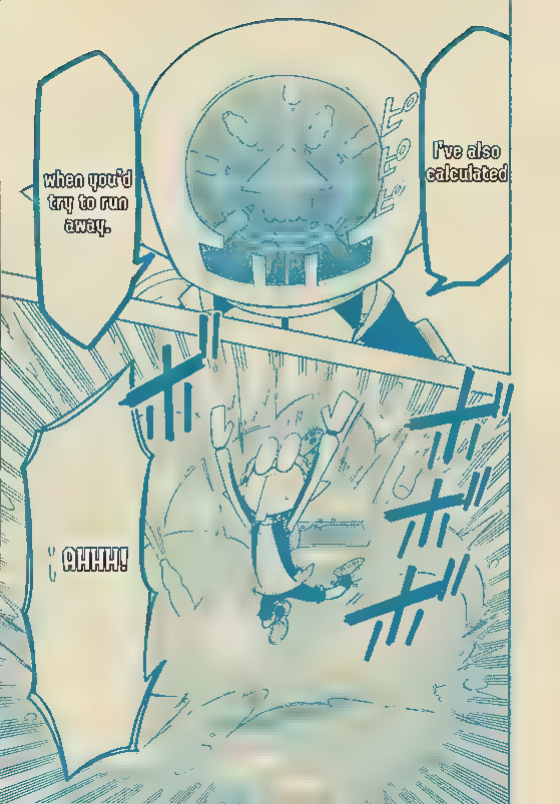


ドッ
You'll just get taken out if you try to force your way in.
ドドドド
Not yet, I'm painting!
And closing in.
スペシャルウェポン

マルチミサイル!!

ドドド

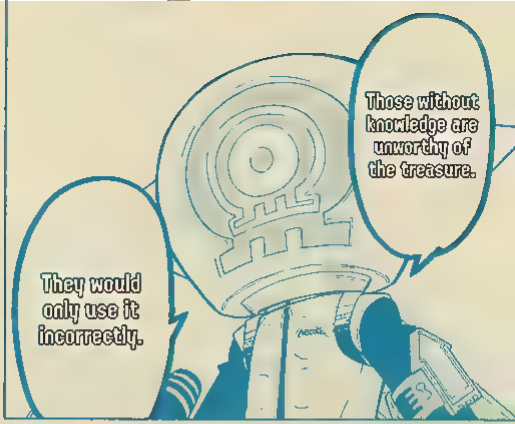
He's good at using machines.
And his aim is accurate.
AHHH!
There is ink at my feet!
!
Goggles run!
I can't get away!
ドドド
Your opponent's ink
steals your movements.



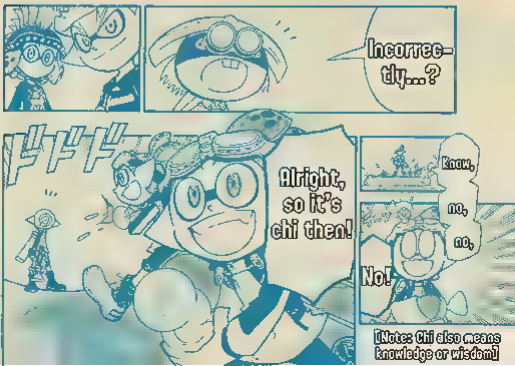
I've also calculated
when you'd try to run away.
AHHH!!

Goggles!
I messed up!
Just as calculated.
Commence painting.
So this is the power of knowledge....!
He's completely reading him!

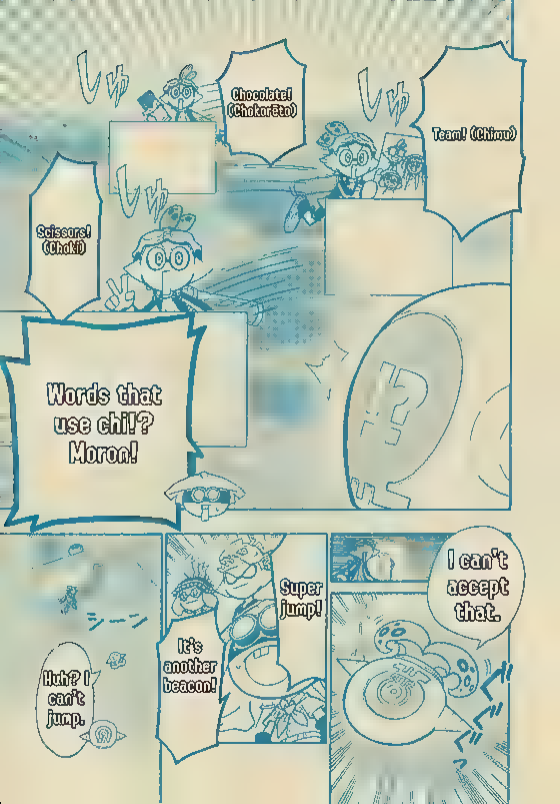
He's way different from those other two guardians!
What?
ドド
ド
Map coverage: 60% completed
Yeah, that is some nice painting.
Justice's painting is also accurate.
80% Complete.
We're in big trouble!
Goggles!



Those without knowledge are unworthy of the treasure.
They would only use it incorrectly.



Incorrectly...?
ドドド
Alright, so it's chi then!
Know,
no,
no,
No!
[Note: Chi also means knowledge or wisdom]



Chocolate! (ChokorEto)
Team! (Chimu)
Scissors! (Choki)
Words that use chi!? Moron!
Super jump!
It's another beacon!
Huh? I can't jump.
I can't accept that.

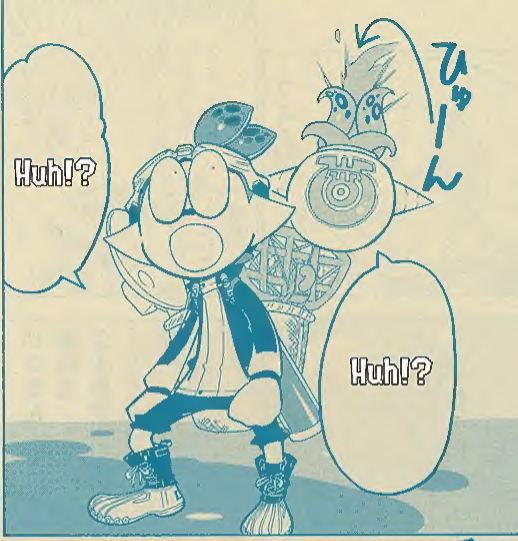
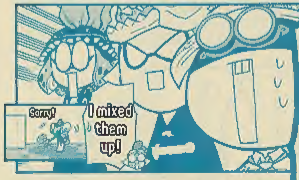
Antennas are mixed among the beakons!
Those are the antennas that I brought!
Um, calculating jumping to the antennas... I can't!
He's all sweaty!
Retrieve the antennas!
Alright!
What are you doing!
They looked kinda similar, so...I put 'em there.

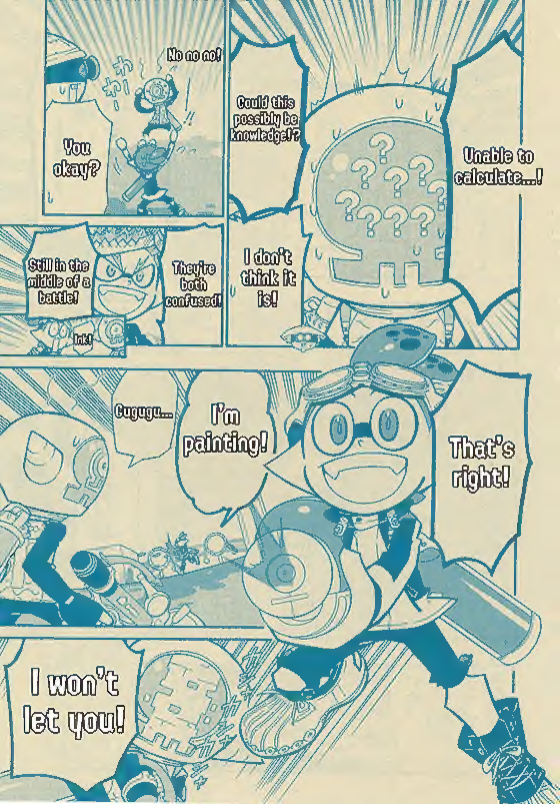
Uuu...
Ugh! Pickled plum, salt, perilla...
He's calculating the ingredients!?
Pickled plum are great when you're sweaty! Take some!
A temporary retreat to cool down!
Before, I left a beakon in a quiet place!
Calming down is also a strategy.
Super jump!



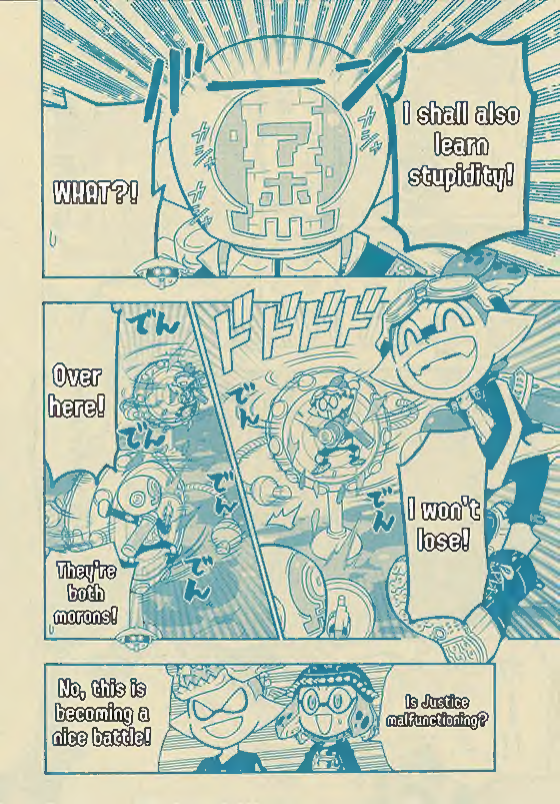


HE PICKED UP THE BEAKON TOO!?

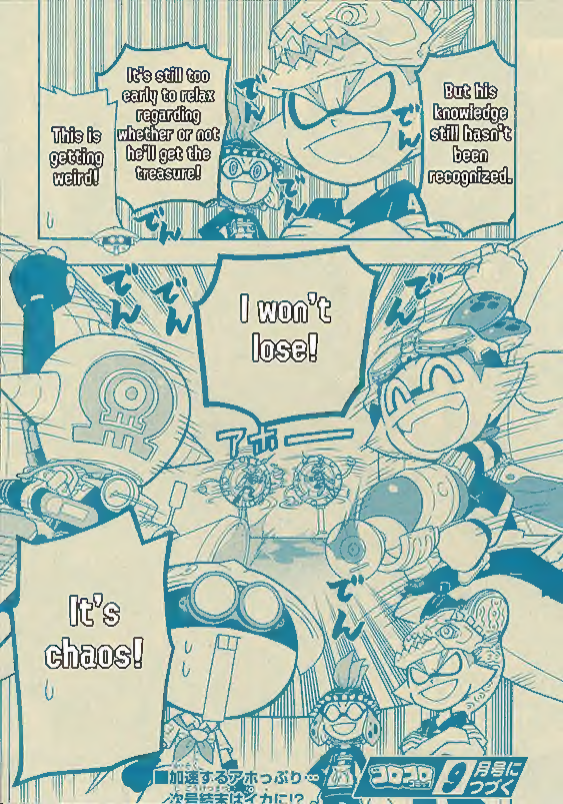
You were only supposed to retrieve the antennas!



No no no!
You okay?
Could this possibly be knowledge!?
Unable to calculate...!
I don't think it is!
They're both confused!
Still in the middle of a battle!
Ink!
That's right!
I'm painting!
Cuguu...
I won't let you!



WHAT?!
I shall also learn stupidity!
Over here!
They're both morons!
I won't lose!
No, this is becoming a nice battle!
Is Justice malfunctioning?



This is getting weird!
It's still too early to relax regarding whether or not he'll get the treasure!
But his knowledge still hasn't been recognized.
I won't lose!
It's chaos!
